

DSR606 Batch Register

Overview

This program prints the Batch Register. The Number Processed counts the number of orders that has been released to warehouse or processed even further. The report sorts and totals batches by order type and gives grand total of the number of orders

- Number processed
- Status
- Entry user
- 2nd pass user

The screenshot shows a PDF document in Adobe Acrobat Professional. The document header includes 'REPORT : DSR606', 'RUN DATE : 23/06/09', and 'RUN TIME : 15:16:36'. The title 'ORDER FORM' is followed by '0603707B MIRA'S ORDER FORM' and 'ORDER FORM TYPE : 001 CASH SALES'. A table lists processed documents with columns: BATCH NUMBER, NUMBER OF DOCUMENTS, NUMBER PROCESSED, STATUS, ENTRY USER, and 2ND PASS USER. The table data is as follows:

BATCH NUMBER	NUMBER OF DOCUMENTS	NUMBER PROCESSED	STATUS	ENTRY USER	2ND PASS USER
00000165	4		R	MO	
00000164	4		R	MO	MO
00000166	3		R	MO	MO
00000201	1		R	MM	
00000202			V	MM	
00000207			V	MO	
00000208	1		O	MO	MO
00000212	1		O	MM	
Total BOOKLIST	14				
Grand total	14				

At the bottom, the text '*** END OF REPORT ***' is visible. The Adobe Acrobat interface is visible, including toolbars and a sidebar with 'Bookmarks', 'Signatures', 'Layers', 'Comments', and 'Pages'.
